THANK YOU TO THE TRADIES

We are so fortunate to not only work with local tradespeople to make sure our sites are working well we also have some fantastic tradies who store with us making it possible to run their small businesses. Our spaces are much cheaper than a factory site and we store everything from tradie vehicles to their tools and stock. Just pin in, drive in, drop off what every you need, pin out and drive off knowing your items are safe.

Tradie Nathan Fabiny from Quality Electrical Contracting (0424 644 961) is one of our trusted trades who does and amazing job for us. We highly recommend Nathan for his professionalism and outstanding work. Luckily, he likes us too. "These guys are awesome; I recommend them for storage as I have family members who love storing here. The sites are run well and great for access" Nathan added. Thanks mate!

So, if you need help with your tradie storage, please call us and we are here to support local business in any way we can. We are also happy to offer Tradie Discounts too.

MEET THE TEAM

We are a family-owned business with over 20 years in storage but none of it would be possible without the hard work and dedication of our amazing team. We also know it is important that when you call you get a helpful, kind, and informed person to help. Moving can be stressful so we aim to make it an enjoyable experience. Patting the office puppy, grabbing a bottle of water, buying boxes, borrowing a trolley, or just having a chat are part of what we like to do. We asked questions so you could get to know a key team member.
